Qualifications in audit report on historical financial information: There are no qualifications in the audit report of the Issuer on its audited historical financial information.

What are the key risks that are specific to the Issuer?

The Issuer is subject to the following key risks:

- The Issuer is subject to intra-group credit risk. From time to time, the Issuer enters into derivative transactions with CGML to offset or hedge its liabilities to securityholders under securities issued by it (which may include the Securities). As such, the Issuer is exposed to the credit risk of CGML in the form of counterparty risk in respect of such derivative transactions. In particular, the Issuer's ability to fulfil its obligations under the Securities is primarily dependent on CGML performing its counterparty obligations owed to the Issuer in respect of such derivative transactions in a timely manner, and any failure by CGML to do so will negatively affect the ability of the Issuer to fulfil its obligations under the Securities. Securityholders will not have any recourse to CGML under any such derivative transactions.
- The Issuer may not be able to maintain its current ratings. If a rating agency reduces, suspends or withdraws its rating of the Issuer and/or any affiliate thereof, the liquidity and market value of the Securities are likely to be adversely affected. Ratings downgrades could also have a negative impact on other funding sources, such as secured financing and other margin requirements, for which there are no explicit triggers.
- If the relevant resolution authority is satisfied that the Issuer is failing or likely to fail, and subject to certain other conditions being satisfied, the Issuer may be subject to action taken by the resolution authority, including potentially the write down of claims of unsecured creditors of the Issuer (such as the Securities) and the conversion of unsecured debt claims (such as the Securities) to other instruments (e.g. equity shares), the transfer of all or part of the Issuer's business to another entity, or other resolution measures. As a result of any such action, investors could lose some or all of their investment in the Securities.

KEY INFORMATION ON THE SECURITIES

⁴ Valoren as corrected by the Notice dated 7 September 2021

- In certain circumstances (for example, if the calculation agent determines that no calculation, adjustment or substitution can reasonably be made, following an event of default or certain events affecting an Underlying or the Issuer's hedging arrangements, or for reasons relating to taxation or illegality), the Securities may be early redeemed. If the Securities are redeemed early, the amount paid may be less than your initial investment and you may therefore sustain a loss.
- Following the occurrence of a Mandatory Early Redemption Barrier Event, the Securities will be redeemed on the relevant Mandatory Early Redemption Date at the relevant Mandatory Early Redemption Amount. No further amount shall be payable in respect of the Securities after the Mandatory Early Redemption Date. In this case, you are subject to a reinvestment risk, as you may not be able to replace your investment in the Securities with an investment that has a similar profile of chances and risks as the Securities.

Quels sont les risques clés spécifiques à l'Émetteur?

L'Émetteur est soumis aux risques clés suivants:

- L'Émetteur fait face à un risque de crédit intra-groupe. De temps à autre, l'Émetteur conclut des opérations sur produits dérivés avec CGML pour compenser ou couvrir ses obligations envers les détenteurs de titres en vertu des titres émis par lui (qui peuvent inclure les Titres). À ce titre, l'Émetteur est exposé au risque de crédit de CGML sous la forme d'un risque de contrepartie dans le cadre de ces transactions sur produits dérivés. En particulier, la capacité de l'Émetteur à remplir ses obligations en vertu des Titres dépend principalement de la capacité de CGML à s'acquitter en temps voulu de ses obligations de contrepartie envers l'Émetteur dans le cadre de ces opérations sur produits dérivés, et tout manquement de CGML à cette obligation peut avoir un effet négatif sur la capacité de l'Émetteur à remplir ses obligations en vertu des Titres. Les détenteurs de titres n'auront aucun recours contre CGML dans le cadre de ces opérations sur produits dérivés.
- L'Émetteur peut ne pas être en mesure de maintenir ses notations actuelles. Si une agence de notation réduit, suspend ou retire sa notation de l'Émetteur et/ou de toute société affiliée à celui-ci, la liquidité et la valeur de marché des Titres risquent d'être affectées de manière négative. La dégradation des notations pourrait également avoir un impact négatif sur d'autres sources de financement, telles que les financements garantis et autres exigences de marge, pour lesquels il n'existe pas de déclencheur explicite.
- Si l'autorité de résolution pertinente est assurée que l'Émetteur est défaillant ou susceptible de l'être, et sous réserve que certaines autres conditions soient remplies, l'Émetteur peut faire l'objet de mesures prises par l'autorité de résolution, y compris potentiellement la dépréciation des créances des créanciers non garantis de l'Émetteur (tels que les Titres) et la conversion des créances non garanties (tels que les Titres) en d'autres instruments (par exemple des actions), le transfert de tout ou partie des activités de l'Émetteur à une autre entité, ou d'autres mesures de résolution. À la suite d'une telle mesure, les investisseurs pourraient perdre tout ou partie de leur investissement dans les Titres.

Droits attachés aux Titres

Les Titres ne paient aucun intérêt. Le rendement des Titres provient du paiement potentiel d'un Montant de Remboursement Anticipé Obligatoire à la suite d'un remboursement anticipé des Titres en raison de la survenance d'un Événement de Barrière de Remboursement Anticipé Obligatoire, et, sauf si les Titres ont été préalablement remboursés ou achetés et annulés, le paiement du Montant de Remboursement à la Date d'Échéance des Titres.

Montant de Remboursement Anticipé Obligatoire: Si, à une Date de Remboursement Anticipé Obligatoire, un Événement de Barrière de Remboursement Anticipé Obligatoire s'est produit, les Titres seront remboursés à la Date de Remboursement Anticipé Obligatoire pertinente à un montant pour chaque Titre égal au montant indiqué comme étant le Montant de Remboursement Anticipé Obligatoire pour la Date de Remboursement Anticipé Obligatoire pertinente dans le tableau ci-dessous. Si les Titres sont remboursés par anticipation, aucun autre montant ne sera payé après la Date de Remboursement Anticipé Obligatoire.

Remboursement Anticipé: Les Titres peuvent être remboursés par anticipation suite à la survenance de certains événements ou circonstances spécifiques (par exemple, un événement affectant le(s) Sous-Jacent(s) ou les arrangements de couverture de l'Emetteur, un cas de défaut, et des circonstances relatives à la fiscalité et à l'ilégalité) à un montant qui sera déterminé par l'agent de calcul conformément aux termes et conditions des Titres.

Ajustements: Les termes et conditions des Titres contiennent des dispositions, notamment des dispositions relatives aux événements affectant le(s) Sous-Jacent(s) ou les arrangements de couverture des Titres, et aux perturbations du marché, ainsi que des dispositions relatives aux corrections ultérieures du niveau du(des) Sous-Jacent(s) et aux détails des conséquences de ces événements. Ces dispositions peuvent, le cas échéant, permettre d'apporter des ajustements aux termes et conditions des Titres. Les modalités des Titres permettent également l'ajustement des dates de paiement pour les jours non ouvrables.

Réunions: Les termes et conditions des Titres contiennent des dispositions relatives à la convocation d'assemblées des détenteurs afin d'examiner les questions touchant à leurs intérêts en général. Ces dispositions permettent à des majorités définies de lier tous les détenteurs, y compris les détenteurs qui n'ont pas assisté et voté à l'assemblée concernée et les détenteurs qui ont voté d'une manière contraire à la majorité.

Droit applicable: Les Titres seront régis par le droit français.

Bail-in: Chaque détenteur de Titres reconnaît, accepte, consent et accepte, par son acquisition de Titres, d'être lié par l'exercice de tout pouvoir de bail-in par l'autorité de résolution compétente en ce qui concerne les Titres. Tout exercice d'un tel pouvoir de bail-in ou toute autre mesure prise par une autorité de résolution à l'égard de l'Emetteur ou du Garant pourrait avoir un effet négatif important sur la valeur et le rendement des Titres.

Statut des Titres: Les Titres sont des obligations directes, inconditionnelles, non subordonnées et non garanties de l'Emetteur et seront à tout moment de rang égal et proportionnel entre eux et au moins de rang égal à toutes les autres obligations non garanties et non subordonnées en circulation de l'Emetteur, à l'exception des obligations qui peuvent être privilégiées par des dispositions légales à la fois obligatoires et d'application générale.

Description des restrictions à la libre transférabilité des Titres

Les Titres seront transférables, sous réserve des restrictions d'offre, de vente et de transfert prévues par les lois de toute juridiction dans laquelle les Titres sont offerts ou vendus.

Où les Titres seront-ils négociés ?

Une demande sera introduite par l'Emetteur (ou son représentant) afin que les Titres soient admis à la négociation sur le Marché Réglementé de la Bourse de Luxembourg et à la cotation sur la liste officielle de la Bourse de Luxembourg avec effet à partir de ou autour de la date d'émission.

Y-a-t-il une garantie attachée aux Titres?

CGML opère sous les lois de l'Angleterre et du Pays de Galles et est domiciliée en Angleterre. Le numéro d'enregistrement du CGML est le 01763297 dans le registre tenu par la Companies House. Son LEI est XKZZJZFF41MRHTRIV493. Réserves dans le rapport d'audit sur les informations financières historiques: Le rapport d'audit ne contient aucune réserve concernant les informations financières historiques auditées du Garant qui y figurent.

Facteurs de risques associés au Garant: Le Garant est soumis aux principaux risques suivants:

- Le Garant est exposé à des concentrations de risques, en particulier le risque de crédit et le risque de marché. L'évolution de la réglementation ou du marché continuant à entraîner une centralisation accrue des activités de négociation, le Garant pourrait connaître une augmentation de la concentration des risques, ce qui pourrait limiter l'efficacité de toute stratégie de couverture et entraîner des pertes importantes pour le Garant. Le Garant peut être affecté par des défis macroéconomiques, géopolitiques et autres, des incertitudes et des volatilités, y compris la pandémie mondiale de COVID-19, ce qui pourrait avoir un impact négatif sur les activités du Garant et sa capacité à remplir ses obligations en vertu des Titres, ainsi que sur la valeur et le rendement des Titres.
- Le Garant pourrait ne pas être en mesure de maintenir sa notation actuelle. Si une agence de notation réduit, suspend ou retire sa notation du Garant et/ou de toute société affiliée à celui-ci, la liquidité et la valeur de marché des Titres risquent d'être affectées négativement. La dégradation des notations pourrait également avoir un impact négatif sur d'autres sources de financement, telles que le financement garanti et d'autres exigences de marge, pour lesquelles il n'existe pas de déclencheur explicite.
- Si l'autorité de résolution pertinente est assurée que le Garant est faillant ou susceptible de l'être, et sous réserve que certaines autres conditions soient remplies, le Garant peut faire l'objet de mesures prises par l'autorité de résolution, y compris potentiellement la dépréciation des créances des créanciers non garantis du Garant (tel que dans le cadre de l'acte de garantie) et la conversion des créances non garanties (tel que dans le cadre de l'acte de garantie) en d'autres instruments (par exemple des actions), le transfert de tout ou partie des activités du Garant à une autre entité, ou d'autres mesures de résolution. À la suite d'une telle mesure, les investisseurs pourraient perdre tout ou partie de leur investissement dans les Titres.

Quels sont les risques clés spécifiques aux Titres?

Les Titres sont soumis aux risques principaux suivants:

- Vous devez être préparé à subir une perte totale ou partielle du prix d'achat de vos Titres. Les Titres peuvent être négociés sur le marché secondaire (le cas échéant) et, si tel est le cas, le prix auquel un Titre peut être vendu peut être inférieur au montant principal de ce Titre et/ou à votre investissement initial dans ces Titres. Si, à l'échéance, un Événement de Barrière de Remboursement s'est produit, les Titres seront remboursés à un montant inférieur à votre investissement initial (en supposant que vous avez acheté les Titres au prix d'émission de 100.00 pour cent de leur montant principal), ou même égal à zéro. En outre, vous ne recevrez aucun intérêt pendant la durée des Titres.
- Les obligations de l'Émetteur en vertu des Titres et les obligations du Garant en vertu de l'acte de garantie représentent des obligations contractuelles générales de chaque entité respective et d'aucune autre personne. En conséquence, les paiements effectués en vertu des Titres sont soumis au risque de crédit de l'Émetteur et du Garant. Les détenteurs de Titres n'auront aucun recours sur les actifs garantis de l'Émetteur et du Garant dans le cas où l'Émetteur ou le Garant ne serait pas en mesure de remplir ses obligations en vertu des Titres, y compris en cas d'insolvabilité, et risquerait donc de perdre tout ou une partie de son investissement.
- Les Titres peuvent ne pas avoir de marché de négociation établi au moment de leur émission, et il se peut qu'il n'y en ait jamais, de sorte que les investisseurs doivent être prêts à les conserver jusqu'à leur échéance. Si un marché se développe, il se peut qu'il ne soit pas très liquide. Par conséquent, il se peut que vous ne puissiez pas vendre vos Titres facilement ou pas du tout ou à des prix égaux ou supérieurs à votre investissement initial et, en fait, ce prix peut être sensiblement inférieur au prix d'achat initial. L'illiquidité peut avoir un effet très négatif sur la valeur de marché des Titres.
- Les montants dus pour les Titres sont liés à la performance du(des) Sous-Jacent(s), qui est(sont) un(des) indice(s) de titres. Les développements économiques, financiers et politiques mondiaux, entre autres, peuvent avoir un effet important sur la valeur des titres composant le(s) Sous-Jacent(s) et/ou sur la performance de ce(s) dernier(s) et, ces dernières années, les taux de change et les cours des titres composant le(s) Sous-Jacent(s) ont été très volatiles. Ceci peut à son tour affecter la valeur et le rendement des Titres.
- Les Titres ne créent pas un intérêt réel dans le Sous-Jacent ou un droit de propriété sur celui-ci. Un Titre ne représente pas une créance à l'encontre d'un Sous-Jacent et, dans le cas où le montant payé au remboursement des Titres est inférieur à votre investissement, vous n'aurez aucun recours, en vertu d'un Titre quelconque, contre le Sous-Jacent ou d'autres éléments qui peuvent comprendre le(s) Sous-Jacent(s) en ce qui concerne ces Titres. Vous n'aurez aucun intérêt légal ou bénéficiaire dans un Sous-Jacent. Il est possible que le rendement des Titres soit inférieur à celui que vous auriez obtenu si vous aviez investi directement dans un Sous-Jacent ou par l'intermédiaire d'un autre produit.
- Les termes et conditions des Titres comprennent des dispositions relatives au report des dates auxquelles le niveau d'un Sous-Jacent doit être relevé. Un tel report ou des dispositions alternatives d'évaluation prévues dans les termes et conditions des Titres peuvent avoir un effet négatif sur la valeur de ces Titres.

- L'agent de calcul peut apporter des ajustements aux conditions des Titres pour tenir compte de l'effet de certains événements d'ajustement se produisant à l'égard des Titres ou d'un Sous-Jacent et/ou des arrangements de couverture, ou peut remplacer un Sous-Jacent par un nouvel indice de titres. De tels ajustements peuvent avoir un effet négatif sur la valeur de ces Titres.
- Dans certaines circonstances (par exemple, si l'agent de calcul détermine qu'aucun calcul, ajustement ou substitution ne peut raisonnablement être effectué, à la suite d'un cas de défaut ou à la suite de certains événements affectant un Sous-Jacent ou les arrangements de couverture de l'Émetteur, ou pour des raisons liées à la fiscalité ou à l'ilégalité), les Titres peuvent être remboursés par anticipation. Si les Titres sont remboursés par anticipation, le montant payé peut être inférieur à votre investissement initial et vous pourriez donc subir une perte.
- En cas de survenance d'un Événement de Barrière de Remboursement Anticipé Obligatoire, les Titres seront remboursés à la Date de Remboursement Anticipé Obligatoire pertinente au Montant de Remboursement Anticipé Obligatoire pertinent. Aucun autre montant ne sera dû pour les Titres après la Date de Remboursement Anticipé Obligatoire. Dans ce cas, vous êtes soumis à un risque de réinvestissement, car il se peut que vous ne puissiez pas remplacer votre investissement dans les Titres par un investissement présentant un profil de perspectives et de risques similaire à celui des Titres.
